FALLS OFF CAR AND IS KILLED

BRAKEMAN HAS LIFE SNUFFED OUT THURSDAY

Geo Hazard Horribly Crushed Under Freight Car at Newcomerstown.

MISSES HOLD ON FLYING CAR

George Hazard, 24, single, met a horrible death in the yards at Newcomerstown late Wednesday afternoon. He fell from the freight train on which he was employed, broke his neck and his right side was crushed, the wheels running over his longitudoinally. Death was instantaneous. Hazard was a brakeman on the C. & M. local freight and his train was doing some switching. A flying switch had been made and he was clinging to the side of the flying car. He climed to the top, and as he let go with one hand he missed the top hand-hold with the other and fell directly in front of the moving car. The wheels ran the length of one side of his body. The body was dragged and jostled along a hundred feet before the car stopped. He was picked up and the body given in charge of Undertaker Lydick and prepared for burial. It was taken to his home in Summerfield, Noble county, Thursday morning, where his parents live and buried there today.

COSHOCTON MAN TURNS EDITOR FOR THE WEEK

The Indicator, the weekly paper published at West Lafayette, is being edited this week by Geo. Ritchie, recently a candidate for mayor of Coshocton on the "dry" ticket, and who is one of the active spirits in the local anti-saloon organization. It is learned from West Lafayette that Ritchie has been there about all week and will make the Indicator assault Coshocton merchants and citizens with an unsparing hand.

Ends Life With Acid.
Gallon, C., Dec. 8.—Although a desperate effort was made to wrest a bottle of carbolic acid from her, Mrs. Lottie Case, 30, succeeded in swallowing the contents of the bottle and died almost instantly. This was her third attempt to kill herself.

HEART TROUBLE CAUSES SUDDEN DEATH OF MAN

Chas. Arthur Platt Dies Friday Morning After Few Hours' Illness.

BROTHER ON HIS WAY TO FLORIDA

Charles Arthur Platt, 34 years old, became ill while attending his duties as foreman of the press room at the Novelty Advertising Co's plant at 10 o'clock Thursday morning and went home. He became better and retired at 8 o'clock. At 12:30 am. Friday he became ill, arose and called his wife. After he had been given some medicine he lay down on the bed and died at 12:45. Heart trouble was the cause of his death. Mr. Platt was born and reared in Plainfield. He moved to Coshocton eight years ago. He was one of the most prominent and highly respected citizens of the city. He was a faithful member of the M. P. church. He was also a member of the Masonic lodge.

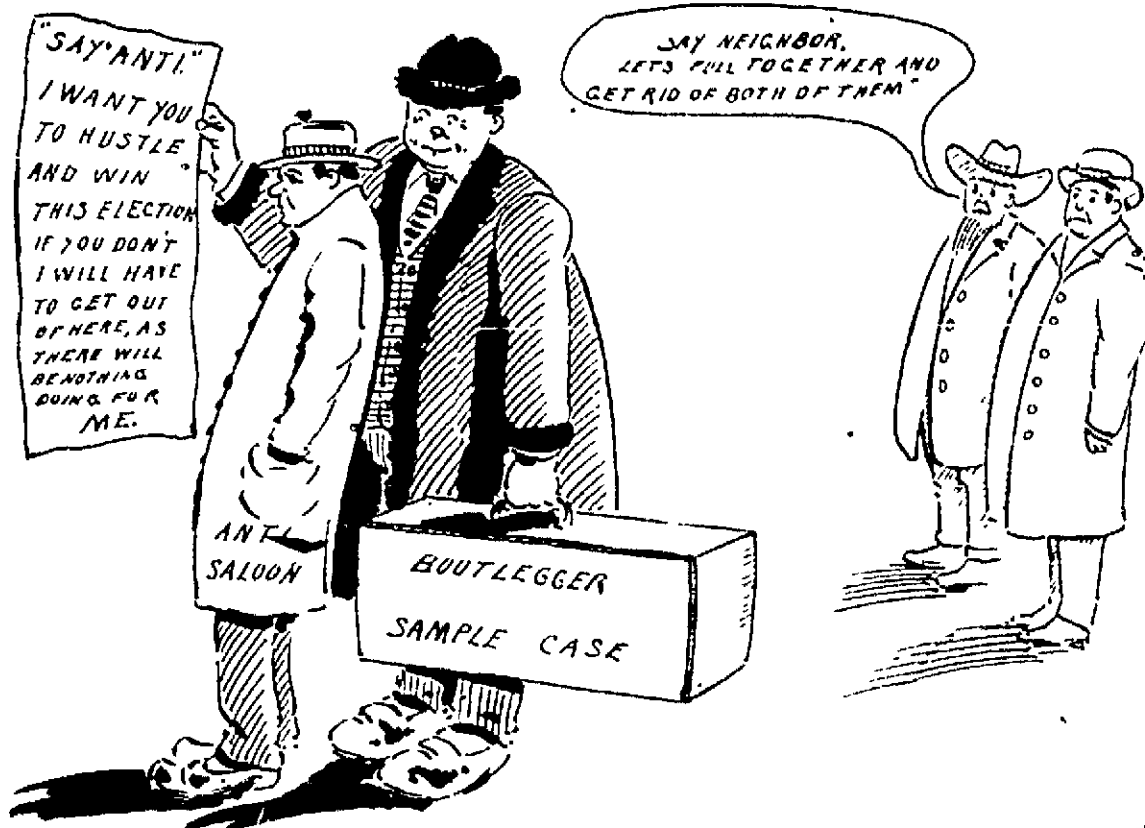

He leaves besides his wife the following children: Earl Platt, and the Misses Marguerite and Daisy Platt of Coshocton; one sister Mrs. Oscar Vencil of Coshocton and the following brothers: Willis, formerly of Coshocton who just started for Florida; Edwin of Walworth, Wis., and Albert of Coshocton. No funeral arrangements have been made.

TALKS AGRICULTURE TO HIGH STUDENTS

The students at the high school listened to an interesting talk on agriculture this morning given by S. A. Harbourt of Andover, O. Mr. Harbourt is the supervisor of Agricultural Education Department School Commissioners and was well versed in his subject. "Agriculture in the Schools," He talked on the teaching of agriculture and its importance in nature.

The course is one that was started in the local schools last year and which will be continued at the end of the next term. Supt. Bryant found that the study was an essential one and instituted it, as did the other schools.

Mr. Harbourt was very greatly pleased with the progress that has been made in the study of agriculture in the local schools.

The average Citizen is disgusted with both of them, their relationship is too apparent.

Geo. Hartman is Held by Police

George Hartman, about 22 years old, was arrested by Police Chief Williams, three miles north of Mound, Friday afternoon on a charge of stealing an overcoat from Tom Athey at the Forbes dance hall on the Saturday night Miss Selma North of Pleasant Valley was assaulted and mistreated, near the Catholic church, by an unknown man, under sized, wearing a light cap and light overcoat. Hartman answers the description of the man and it is possible the charge of stealing the overcoat is only a technical

one against him in order that he might be held. While the police make no statement, it is said, the North girl will be brought to Coshocton to look at Hartman and see if she can identify him as the man who assaulted her. The police have been looking for Hartman for the last few days, that much is known. He was located Wednesday night near Mound where he has been working on a bridge which is being constructed. Thursday afternoon Chief Williams and George Senft drove to Mound in the latter's car and arrested the man.

INCORPORATION PAPERS DRAWN UP BY LEAGUE

Citizens League Takes Step to Make Organization Permanent One

PROMINENT MEN INCORPORATORS

That the Citizens League is very seriously in earnest and intends to make good if the county votes "wet" is evidenced by the fact that at a big meeting Wednesday night it was unanimously decided to incorporate into a permanent institution. Nor will it be an exclusive organization. Those fighting against the league and for the Rose law instead of regulation of the liquor traffic, will be cordially received into membership. Judge Hunt is drawing up the incorporation papers today and will take them to Columbus for immediate filing. The incorporation will be of the kind known as "not for profit," although the profit to accrue to Coshocton city and county is most evident.

The incorporators are the following prominent business men:
H. D. Beach, C. E. Ransom, T. L. Montgomery, George S. Caton, C. B. McCoy, William R. Lynde, W. A. Himebaugh, D. O. Thompson and Jas. W. Preston.

Conditions have been so deplorable in this county under three years of the Rose law that a most earnest effort will be made for controlling and curtailing the traffic in liquor which under the Rose law has spread to such shocking limits. The gentlemen express themselves that it has been proven impossible to enforce a prohibitory law and they intend to exert every influence, if the county votes to repeal the Rose law, to see that the traffic is absolutely controlled. It is the strongest organized public opinion that Coshocton or any other county ever witnessed. The platform of the league, which is published in full on another page, makes most interesting and instructive reading.

REFUSE TO TESTIFY

McNamara Brothers Will Not Appear Before Grand Jury.

Los Angeles, Cal., Dec. 8.—John J. McNamara, confessed dynamiter, in a statement declared that under no circumstances would he give the federal grand jury any information. Following that announcement, Under-Sheriff Bain sought Oscar Lawler, special government investigator, to tell him of the prisoner's statement. James B. McNamara also refused to give testimony to the federal grand jury.

Attorney Clarence Darrow, who received a \$50,000 fee for defending the McNamaras before their confession, advised them of their rights under the law, and proclaimed that his clients would make no further disclosures to the grand jury.

IN DEFAULT OF \$1500 BOND HE IS STILL HELD

Youth's Attorney Calls Halt To Preliminary Examination Friday Morning.

HANDKERCHIEF IS SHOWN TO COURT

After three witnesses of the state had been examined Friday morning at 9 o'clock, and just after the city solicitor had introduced as evidence the bloody handkerchief found on the spot where little Thelma Powers was assaulted last Sunday evening Attorney James Glenn asked that his client, Henry Lane, charged with assaulting the Powers girl with intent to rape, be bound over to the grand jury. The bond was fixed by Squire C. R. Bell at \$1,500 and Lane is now being held in default of that sum.

Local attorneys think it strange that Attorney Glenn did not permit the examination of the witnesses of the solicitor to continue so he could learn every bit of evidence possible held against Lane.

Attorneys Quarrel.
Immediately preceding Atty. Glenn's request for the binding over of his client, he made an address to the crowd which terminated in a quarrel between him and Solicitor Adams. Glenn tried to touch the sympathetic side of the court and the crowd at the trial, by touching on the results of convicting an innocent man of such a grave crime. Atty. Adams wanted to go ahead with the examination of his witnesses but Attorney Glenn objected. "If you are not yet convinced that Lane is guilty," said Adams, "we will continue until you are convinced."

Prisoner Brave.
Lane appeared in court with several days' growth of beard on his face. He bore the same "bold front" that he has evidenced since the time of his arrest last Monday morning. He sat slouched in a chair at the side of his attorney and not once did the expression on his face change. Squire Bell's office was filled to overflowing and the hallway outside the door was crowded with curious people, some anxious to hear the story of the horrible assault and others merely curious to get a look at the prisoner held for the crime.

Father Tells Story.
Atty. Glenn waived the reading of the charge and Chas. Powers, the first witness for the prosecution was called. He told graphically of the assault as told him by his daughter, Thelma, in the cross examination of the witness Mr. Glenn laid stress on the time of the assault, the time when the child was last seen previous to the crime and first seen immediately following. Powers could not be turned from his statement that he first saw his daughter after she had been assaulted, at about 6:45 o'clock. Atty. Glenn tried to draw a statement from the witness that it was earlier than that. He was evidently working up to prove an alibi for the accused.

Sticks to Story.
Andrew Powers, the uncle of the brutal assailant's victim, was the next witness called. He told of how he had watched his niece as she left the house. He said that it was between 6:25 and 6:30 o'clock Sunday night. From this witness Atty. Glenn tried to draw a statement that the hour was earlier than that. But he also stood by his first statement.

Mrs. Rider, to whose home the Powers child first went after the assault, was next called. She said she saw the child about 6:30. She was sure of the hour.

Crowd Curious.
Then the handkerchief, bearing bloodstains and the laundry mark "Lane" was introduced. The crowd surged forward in an attempt to see the bit of linen which the police believe will be sufficient in convicting Lane. Squire Bell and the attorneys examined the handkerchief carefully. At this point Lane leaned forward in his chair and through narrowed lids looked at the handkerchief then settled back in the chair with the same slowly position.

Bond is Fixed.
Atty. Glenn had addressed the crowd and the court followed by the grand jury. Squire Adams, he asked that the case be bound over to the grand jury. Squire Adams set the bond at \$1,500 and Lane was held in default of that sum.

He then immediately addressed the crowd and said that the case was bound over to the grand jury. He then immediately addressed the crowd and said that the case was bound over to the grand jury.

An Admission!

Read what the local organ of the Anti-Saloon League says editorially of the Rose law, in its issue of Sunday morning, October 29, as follows:

"The Rose law has never been a temperance measure. Its own terms make the securing of liquor and its consumption by the people as easy a matter as if the door of the old time saloon still swung freely in and out on well oiled hinges."

"By its own terms it never has been,—could never be — a temperance measure. People will now begin to see the Rose law in its true light. It has not been a temperance law, but purely a political enactment."

UNION MEN NOTICE!

Machinists and other skilled laborers all know it is essential to keep their hands soft and pliable. Read what a union glass-blower, Joseph Harry, of Terre Haute, Ind., says: "I have been a glassblower for 20 years and have used hundreds of preparations to keep my hands in condition, but none of them compares with Plex. It heals soreness and burns immediately, smooths the rough skin in one night, and keeps the hands pliable. Our house is never without Plex, and we find it handy to have around to prevent and cure croup, sore throat, catarrh or cold in the head. Believe me, it is a household necessity after you use a box or two of it and find how good it is for the many uses it is indicated for." A large box of Plex costs 10c; mammoth size 35c. COCK-FIGHTERS SLIP ONE OVER ON THE POLICE

It was rumored Thursday night that a cock fight had been pulled off down near the river Wednesday night by a man from Dresden who is the owner of several fighting games. It is said over \$100 changed hands during the evening. The police were not "wise" to the scam and it went on without any disturbance.

Washington, Dec. 8. — The Payne bill to create a permanent tariff board was brought up in the house committee on ways and means by Republican members, but the committee indefinitely postponed action through unanimous vote of the Democrats. This probably shuts off consideration of the measure at this session.

One True Medicinal Whiskey

Beware of imitations and substitutes unscrupulous dealers tell you are "just as good as" Duffy's Pure Malt Whiskey.

These cheap concoctions are foisted on the people with the intent to deceive by dealers mindful of their profits only and caring nothing for the health of their patrons. Some try to make you believe it is Duffy's Pure Malt Whiskey.

Substitutes Are Dangerous

When a remedy has been before the public for more than half a century, has been prescribed and used by the best doctors and in prominent hospitals, and has carried the blessings of health into as many thousands of homes as Duffy's Pure Malt Whiskey has, imitations are bound to arise.

Duffy's Pure Malt Whiskey is Beneficial

It has been used for more than fifty years with remarkable results in the prevention and cure of all throat, lung and stomach troubles and all wasting and diseased conditions.

Duffy's Pure Malt Whiskey is the only whiskey that was taxed by the Government as a medicine during the Spanish-American War. The genuine is sold in sealed bottles only. The "Old Chemist's Head" is on the label and over the cork is an engraved seal. Be certain this seal is unbroken. Sold by druggists, grocers and dealers everywhere or direct, \$1.00 a large bottle. Let the Roscoe Water Power Do it For You

A little electric motor will do the manual labor in the dentist's shop and save the dentist for skilled work.

A little electric motor in the livery stable will save the wages of one man in cutting up the feed and grinding it.

A little motor attached to the cistern pipe at the home will bring the soft water all over the house for general use.

And it is cheap, noiseless, smokeless, fireless. It only works when you tell it to, and uses very little current.

But when it works it is right on the job. Let us go over the matter in detail with you.

COAL BARONS FEAR DEMAND FOR INCREASE

Ohio coal operators, fearing demands from their employers for higher wages, and foreseeing the possibility of strikes when the present scale expires this spring, met in the Hollenden hotel in Cleveland, Wednesday morning, and discussed plans for an alliance with other powerful coal-producing agencies.

John P. White, president of the United Mine Workers, seeing trouble ahead, has assumed the role of peace-maker and has invited the operators of many states to forget their old differences and to gather in Chicago, Dec. 14 to draw up an interstate wage scale.

Ohio operators considered the advisability of accepting the invitation, but the meeting was held behind closed doors and no statement was made by the operators. It is understood, however, that Ohio operators are willing to enter into an agreement with operators in other states if certain obstacles can be removed.

Scale Dissolved in 1906. The interstate wage scale was dissolved in 1906 when operators of Ohio, Indiana, Illinois and Pennsylvania could not reach an agreement at a meeting in Cincinnati. The operators returned home and made separate arrangements with their workmen. Ohio's agreement expires on March 1, 1912.

The condition is looked upon as serious by coal operators. They have stated repeatedly that miners in Ohio are already being paid high in comparison to wages paid in other states. The workmen, however, will stand out for an increase and strikes may follow this spring, unless the operators are able to effect some sort of an alliance with operators elsewhere.

Ohio Wheat in Bad Shape. Columbus, O., Dec. 8. — The state department of agriculture, in its official report for December, says the present outlook for the wheat harvest in 1912 is discouraging. 2 FOR 1 IS THE SLOGAN FOR TOMORROW. HAVE YOU PUT FORTH YOUR BEST EFFORT? DON'T REST ON YOUR OARS THIS WEEK

Contestants in District No. 2 Will Be Allowed Double Vote on New Subscriptions If They Are Mailed Any Time Saturday—See Your Friends Once More—Many Will Give You a Lift If You Will Approach Them Now.

REMEMBER: "IT'S ALL FOR THE BABIES"

The Contest Closes Two Weeks From Tonight — It Isn't Too Late to Start Now — You Will Reap a Neat Salary of \$150 a Week If You Get Busy Now and Capture That Grand Prize — Start Tonight.

Hooray. Double Vote Day is here.

Double Vote Day is the biggest day in the history of this section of the country, that mammoth baby contest of The Daily Age.

Double the usual amount of votes on every new subscription turned in to the contest manager up to 9 o'clock tomorrow night. Think of it? Just twice the number ordinarily granted on new subscriptions, two for one. Think of it. Think what a wonderfully generous offer this is, think what it will mean to the success of your little favorite in this great race for gold and glory.

Suppose you have written a new subscription to The Age for two years. Instead of receiving the usual 25,000 votes, we are going to give you 50,000. If you turn it in by 9 o'clock Saturday night. Suppose you have written a new subscription for one year. Ordinarily we would give you 12,000 votes, but tomorrow night we are going to double this and give

you 24,000. Some of the babies are going to have wonders worked in their behalf as a result of this double vote offer. These are the babies who have ambitions and energetic parents and friends—parents and friends who understand and appreciate the full meaning of that title, "that most popular baby in Coshocton county and vicinity," and believe it to be worth striving for, to say nothing of the gold which will be theirs if successful.

Why don't you see to it that your own little darling is crowned the little king or queen of Coshocton county and vicinity on Dec. 22. You can do it if you only turn in and get down to work, for you've got as many friends as that neighbor surely, friends who would do just as much for you and who are just as ardent admirers of your little cherub.

When this race is over and the awards made, if you be not among the winners your friends will turn a deaf ear to any apologies you may try to make. In this day and age of hustle, enterprise and progressiveness, all the world loves a winner and has but little use for and no sympathy with a quitter.

Don't be a loser. Take that subscription book out among your friends tonight and do what you can in the few hours remaining to you. You may meet with such gratifying success that you will be encouraged to begin the new week, the last half of this race with so much energy, so much eagerness, so much determination.

A Permanent Cure For Chronic Constipation

Although those may dispute it who have not tried it, yet thousands of others, who speak from personal experience, assert that there is a permanent cure for chronic constipation. Some testify they were cured for as little as fifty cents, years ago, and that the trouble never came back on them, while others admit they took several bottles before a steady cure was brought about.

The remedy referred to is Dr. Caldwell's Syrup Pepsin. It has been on the market for over a quarter of a century and has been popularized on its merits, by one person telling another. The fact that its strongest supporters are women and elderly people—the ones most persistently constipated—makes it certain that the claims regarding it as a permanent cure for constipation have not been exaggerated.

It is not violent like cathartic pills, salts or waters, but operates gently,

without griping and without shock to the system. It contains tonic properties that strengthen the stomach and bowel muscles so that in time medicines of all kinds can be dispensed with and nature is again solely relied on.

Among the legions who testify to these facts are Mr. Z. L. Smith, Steubenville, Ohio, and Mrs. Genl. W. J. Wilson, 1334 Wesley Ave., Columbus, Ohio, and they always have a bottle of it in the house, for it is a reliable laxative for all the family from infancy to old age.

Anyone wishing to make a trial of this remedy before buying it, in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. E. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

THE POT BOILS

The expectation that Coshocton county would be able to go through a Rose law election strictly on its merits, and with clear, cool head, appears to be waning. The mud batteries have opened up. Out in one of the townships one night this week it is reported a speaker dramatically declared from the pulpit at a dry meeting that "every man who votes wet is going to hell." The dry campaign committee has started to inject the old, tried and worn out cry about the "bridges" in order to befog the issue. Damnation is being handed around so liberally that it is a wonder the supply does not run out. And so it goes. The issue should not be fogged. It should be made so clear that no one may misunderstand. The question must be honestly settled, and the only way to settle it honestly is to turn full publicity on every point. Leave out ulterior issues. Stick to the facts, and stick to Coshocton county facts. They are the ones the taxpayers and good people are interested in.

Reciprocity after all was beaten in Canada by only 25,847 votes. Now suppose that Champ Clark had not made any foolish remarks!

It has been discovered that Chinese women make good fighters, showing that they are much like their white sisters.

It seems clear that the actor with whom the mother of the emperor of China did or did not elope was not Nat Goodwin.

By the time winter really gets here it will have had lots of practice.

THE CITIZENS APPEAL

The attention of every reader, whether he personally be "wet" or "dry," is called to the official platform and appeal of the Citizens League published in today's Daily Age. It is a dignified, honest and straightforward statement, telling why the leading men of this community stand for the discarding of the Rose law. No false issues are raised, no millennium is promised, no buncombe is indulged in. It is a distinctly neighborly heart to heart talk. It rings of truth and sincerity. It is signed by the Citizens League, and that body not only is composed of the men who are leaders in Coshocton commercial, church and municipal life. It gives the lie direct to the foolish charge that the Coshocton campaign against the Rose law is being conducted by brewers or liquor interests. What the Citizens League is after is control of the liquor traffic which has gone wild under unsuccessful attempted prohibition.

SAGE OF THE AGE.

Trouble is, when we do have snow, nobody's got a sleigh these days.

1911 has taught men to think for themselves.

Some dry stock is certainly wet from having been watered.

The reason so many people read The Daily Age is because it gives so much news.

Christmas packages are beginning to find their way under the parlor sofa.

Christmas shopping may be delayed but it's on its way.

The real Xmas season this year will not start till after the 14th.

Why not send The Daily Age for an all the year round Xmas gift?

That's a good idea.

Think it over.

That \$3000 make a daisy Xmas gift to some youngster.

Sidewalks need a bath.

TEN YEARS AGO.

From The Age of Dec. 8, 1901.
The plan adopted by the council to have the paved streets kept clean by contract will probably be considered at a meeting to be held early in the year. Contractors have been invited to go over the streets and estimate the cost of cleaning them before they present bids.

The Coshocton people who were victimized by the well dressed young men offering prize couches and chairs with their art pictures will be glad to hear that efforts are being made to bring the fellows to justice. The men took the money but failed to show up with the goods.

S. P. Brockway, of Stanton, W. Va., writes The Age that a new railroad is under contemplation for Coshocton. He says that the parties he represents meditate a line from Coshocton, Toledo to Chesapeake Bay. The route through Ohio has not yet been mapped out.

Hon. J. W. Cassingham of congress from this district, has been given a place on the manufacturers' committee by Speaker Henderson. Quite a few other prominent men are on the committee.

The Theatre

At the Myatic.
Three good films formed an interesting entertainment at the Myatic last evening. "The Girl Back East" was a pretty western story with the even popular Anderson in the chief role.

An exciting story representing the conquest of two cowboys for a girl's hand was, "The Ranchman's Daughter."

By far the most interesting and widely different picture of its kind was the "Championship Bull Fight." This true picture shows the fondness of the Mexicans and Spaniards for the barbarous custom of bull fighting. Many millions of dollars are spent annually for the sport.

At the Colonial.
"His New Dress Shirt" was a clever comedy showing the mistakes of a young married woman who attempts to laundry a shirt in a manner to please hubby.

Of course everything goes wrong as she is inexperienced and the plight of the husband when he sees the result of her labor is yet more amusing. However all is forgiven in the end.

"Folk of Old Virginia" showing the life of the people in Virginia and their plantations was very interesting.

At the Luna.
A stirring tale of the sea told in a graphic, gripping way, was "The Captive." The story deals with the love of Hugh Mainard and Ida Darrow. Hugh is very much in love with the latter but when the girl of more attractiveness comes to the home he turns his attentions to the newcomer.

Ida's brother attempts to show Hugh his injustice and they engage in a fight. The men both fall over a cliff and roll into the raging sea and continue to fight until exhausted, when they realize their folly. Hugh realizes his mistake and returns to the girl of his first love.

"An Interesting Burial" was a very amusing picture.

The Utahna.
"The Price of Ambition" and "A Western Chivalry" formed a good bill at the Utahna.

In the first Donna Elvira, the daughter of an old Spanish family, is ambitious to marry a man of wealth who will shower countless riches upon her. She is really in love with Caesar a more deserving man, but lacking in the world's goods.

She marries the man of wealth and her life from that time on is sorrowful. Elvira decides to get back her true lover and her husband finding out her mission kills her.

LIFE SAVED BY FRIEND'S ADVICE

About nine years ago I had a spell of nervous prostration which left me in a very weak condition and finally resulting in what my doctor told me was Bright's Disease. I became worse and worse and thought I never would get well. In fact, my doctor told me I could not live very long. He gave me some pills which I was to take every four hours. I took some for a day or two and noticed that I was getting worse instead of better. Among the people who came to see me was a good friend of mine now living in Rockton, N. Y. She told me to try Swamp-Root, as it had cured her of her ailment and she was sure it would do me good. I took her advice and am glad I did, for I soon was well enough to leave my bed and take a trip to Bridgeport, Conn., something my doctor said I never could do. I know positively that Swamp-Root is the best medicine I ever took and shall always feel grateful toward you and your medicine. You have my permission to use this testimonial any time and place you wish.

Your very truly,
MRS. C. B. VAN KEUREN

ERSTWHILE HERO VICTIM OF JOKE
Visions of a runaway flitted through the brain of "Billy de Fitch" yesterday when he was standing on Main street with hose friends.

A grocery wagon was standing at the curb, the curtains drawn down close over the front and sides. Suddenly the horse started off briskly.

"Who-o-o-a!" shouted William.

Bill immediately treated the crowd to a snow high ball.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural, and indicates that there is something wrong with the individual, and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff, but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

Get a bottle today, and let it do for you what it has done for thousands of others.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Siegrist & Williams.

Pimpily? Well, Don't Be!

People Notice It. Drive Them Off With Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights. Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel; there's never any sickness or pain after taking them.

Olive Tablets do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel.

"Every little Olive tablet has a movement all its own."

ELBEN CASE FINALLY ENDS IN COSHOCTON

The Elben case has ended in Coshocton county. Judge Ashman terminated the guardianship of Levi Elben Friday following the acceptance, Thursday afternoon of the resignation of J. C. Milligan as guardian. Here is Judge Ashman's opinion in the case: "This old man gets \$100 per month pension. He is now in Missouri and has been there for several months, and it is his desire to stay there as he notified Milligan his guardian. Since he is there and since Milligan has made several attempts to get him here being stopped by habeas corpus proceedings and in the western states it seems to be no hardship to get a writ of habeas corpus. I believe it is best to terminate the guardianship altogether. It would expend much of the old man's money in court costs and attorneys' fees to bring him here. And now if they want a guardian for him let them get one in Missouri."

DON'T SAY YOU'RE OLD

You Can Feel Younger By Keeping Up Your Strength.

It is a mistake for elderly people to let themselves think they are getting old.

What if you have had 60 or 70 birthdays? You can keep your mind young and active, and you can also feel younger than your age if you guard your bodily strength.

Mr. George J. Smith, aged 71, of Smithville, Ont., says that Vinol cured him of a case of stomach trouble of long standing, and that he now feels as strong and can do as good a day's work as he did thirty years ago, which he owes to Vinol.

"I think it is worth its weight in gold for any ailment of aged people," says Mr. Smith.

This delicious cod liver and iron preparation without oil strengthens and invigorates all feeble, run down people, and is the mainstay of thousands of old persons who say it has prolonged their lives. We guarantee that Vinol will do all that we say, and pay back your money if it does not.

CITIZENS LEAGUE APPEAL

Heart-to-Heart Talk With the People of Coshocton County--Calmly Reviewing the Past and Pointing the Way for the Future.

TO THE PEOPLE OF COSHOCTON COUNTY:

As citizens of Coshocton county who are interested in the moral, social and industrial uplift of the community as a whole, we address this appeal to the men and women of every shade of religious or political opinion.

The question that confronts us for solution is whether or not our community would be benefited by further experiment with the Rose law attempt at prohibition. It is to work out a practical solution of this problem that the Citizens League was recently organized. The membership of the Citizens League comprises more than ninety per cent. of the business and professional men of Coshocton — men who are the very life-blood of our social and industrial development, and whose zeal for the community weal is second only to their solicitude for their families and homes. Of the membership of the Citizens League more than two-thirds are strict temperance men, many are total abstainers, and many of them voted three years ago in favor of the Rose law proposition.

It is not the purpose of the Citizens League to deal harshly with those of opposite opinion. Although some leaders of the opposition may speak of us and our principles in very intemperate language, we shall not retaliate in kind. We shall conduct this campaign along educational lines and keep it clean, open, above board and free from personal abuse. We invite our worthy opponents to join us on that high ground of common courtesy and fair dealing.

We are all citizens of the same city and county that our fathers have done so much to make a desirable community in which to live. We all share, or should share in the same community pride, glorifying in the progress we have made, all working together, in building up our splendid churches, schools and other educational and charitable institutions. We all rejoice, or should all rejoice, in the building up of the large and diversified industries which give employment to great numbers of our people, affording them opportunity to earn good incomes and be thereby enabled to share more of the comforts and pleasures of life. And these wage earners afford a good home market for the products of the farm, thereby increasing the prosperity, usefulness and happiness of our agricultural population.

We ask you to scrutinize the list of 240 signers of the Declaration of Principles of the Citizens League, and see if any one could make up a list of any other 240 names who have done more for the uplift of this community, morally, socially, industrially and charitably, than have these 240 men. These men do not pretend to be better than the rest of the community, but when their deeds for public good are compared with those of their critics who pose as "better than thou," it teaches us that no man should arrogate to himself the right to dictate for the individual conscience, nor to impugn the motives of honest men who are endeavoring to work out reforms by means differing from the theories of others.

The question of the liquor traffic is a case in point. The issue at hand, in the forthcoming Rose law election, is not a choice between temperance and intemperance, as some of the Rose law adherents would make it appear.

It is not a question of wet or dry, within the literal meaning of these two words. The terms "wet" and "dry" are figurative or slang words that have been adopted for the sake of brevity. The employment of these brief figures of speech has been much imposed upon by the so-called "dry" speakers and writers, who undertake to make it appear that the persons arrayed on the side of the so-called "wets" are intemperate, etc.

The point we wish to emphasize is this: The Citizens League, whether called "wets" or whatever else, stands just as firmly for real temperance as do the Rose law adherents who call themselves "drys." The difference lies not in the END to be attained, but in the MEANS to an end. The Rose law adherents seek to attain that end by attempts at prohibition. The Citizens League seeks to attain that end by practical regulation.

The leading Rose law adherents promised in the campaign of three years ago that if the open saloon were voted out we would have perfect local conditions. They proclaimed that they could and would regulate things under the Rose law; that the liquor traffic would be suppressed; that the boys and the inebriates would be saved; that the miseries of the homes would be relieved; that divorces and cases of non-support would be diminished; that crime would decrease; that fewer mortgages would be filed and more canceled; that our local commerce and industry would be more thrifty and our people more prosperous, and so on ad infinitum.

We shall not now question the sincerity nor impugn the motives of those leaders who published those promises. Much less would we criticize their followers, who honestly believed what the leaders told them, and who were thoroughly conscientious in voting to give the Rose law a trial, to see whether it would improve conditions or do what its leading advocates promised.

How well or how little the Rose law and its sponsors have succeeded is now a matter of record, not theory or conjecture. Anybody can see it, and almost everybody admits it. It is evident on every hand. It all goes to show, without any question of doubt, that as a temperance measure the Rose law is a failure. Not only that, but the attempt to enforce its impossible provisions has led to the most unfortunate feud that has ever been inflicted upon this community, engendering bitterness and strife without a parallel in all the annals of our county. Even this could be endured if there were any compensating benefits in the way of net results in moral and social conditions. But there are none.

The workings of the Rose law are known not only by general observation of every wide-awake citizen, but in addition the story of its farcical failure is told in thundering tones by the cold, undeniable records at the court house and the city hall, which show by official statistics that under Rose law conditions during the last three years there are more divorces, more boys and girls sent to the state reform schools, more cases of insanity, increased expense of maintaining the county infirmary, increased number of crimes committed and of criminal indictments, decreased number of deeds filed, increased number of mortgages filed, decreased number of mortgages canceled, increased number of arrests in Coshocton for intoxication and for other offenses, increased fines collected — in short, an appalling story of increased dissipation, crime and misery, together with decreased prosperity. For the detailed and undeniable figures showing these conditions see the Citizens League bulletin headed "Plain Facts," which is published in the local press.

The failure of the Rose law is not singular to Coshocton county. It has been no more successful in the counties of Scioto, Lawrence, Pickaway, Athens, Wyandot, Columbiana, Marion and Perry. These are counties in which the average type and temper of the citizenship is practically the same as the citizenship of Coshocton county. The great majority of the people of those eight counties are in favor of temperance, as shown by the large "dry" majorities they gave in Rose law elections three years ago. But after giving it a trial of three years they found the Rose law to be a failure and a farce, and took the first opportunity to abandon it, as they have done by very decisive majorities in recent elections. Many more counties are taking steps to relieve themselves of the Rose law, after having given it a fair trial of three years.

The deplorable conditions which have existed during the last three years are the direct and natural result of attempted prohibition, which led to the illicit and baneful traffic as conducted by the speak-easy, the blind-tiger, the boot-legger and the kitchen saloon. People who used to buy their beverages by the drink now buy them by the quart or gallon, and consume them in like manner. Instead of buying a drink they now buy a drunk.

So much for the past and present. What of the future? Shall we have further attempted prohibition with all the attendant evils of the underground traffic, or shall we have the restricted and regulated saloon?

Let us forget the past except to profit by the wretched experience. Let by-gones be by-gones and let patriotic and practical citizens get together now to correct the mistake of three years ago. How shall it be done?

The Citizens League has been organized as a permanent institution. Anticipating that a majority of the good people of Coshocton county will vote to come out from under the yoke of the Rose law, our organization will continue on more vigorously than ever, doing everything within human power to prevent abuses of the liquor traffic. Since we had open saloons here before, the state legislature has enacted a regulation law, which the Citizens League will do everything possible to have enforced. In addition we are already having drafted municipal ordinances which will help in certain ways, and we have pledges from members and members-elect of the city council that these will be promptly enacted in the event the county comes out from under the operations of the Rose law. We invite all citizens of the city and county, of all shades of opinion, to join with us in the work of bringing about the best possible enforcement of these laws, both municipal and state. Please bear in mind we do not promise ideal or perfect conditions like our worthy opponents promised in the campaign three years ago. Instead of promising perfection, we assert, without the slightest hesitancy or doubt, that the local conditions will be better — vastly better — than during the last three years or any other period within the recollection of the present generation.

We ask you people in the outlying townships and villages to be not deceived by the specious plea that saloons will be started in your villages if the county votes against the Rose law prohibition. That is not true. All of your townships that voted "dry" under the township local option law will still remain "dry" without another election under the Beal law. Those few townships that never had a saloon need have no fears that one will be started, for a saloon could not do enough business there to enable the proprietor to pay the Aiken tax of \$1,000 a year. The meaning of all this is that Coshocton is the only place where saloons can exist as a result of the forthcoming Rose law election.

With all these facts and conditions patent to every open-minded person, we appeal to the calm, deliberate judgment of every patriotic citizen of the county to join with us in dealing with this question in a practical way, instead of a fanatical way, to the end that weaknesses of the human race shall be strengthened as much as possible by regulation, instead of making them worse by unsuccessful attempts at prohibition.

We cannot overlook that since the dawn of civilization to the present time beverages have been indulged in by a majority of the human race, and that only a minority are total abstainers. It is reasonable to presume that the average tendency of the race is about the same as it has always been and that it will never be possible for the minority to successfully prohibit that which the majority want; but with the majority and the minority co-operating, regulation can be successful where attempts at prohibition fail. In view of such conditions, the practical, sensible course for good people to pursue is to abandon the rainbow chase after the impossible, and to get together for that which is possible. Having learned in the school of experience that Rose law prohibition is impossible, hundreds of its former supporters are now turning away from that measure and favoring the practical solution which is found only in regulation.

We invite every good citizen of the county to join with us, both before and after the election, in this movement to drive out the speak-easy and the boot-legger and substitute a system of regulation. Let us all get together as a county community in friendly relations like we used to have before the era of the Rose law. Let us live together and strive together for all that is good and useful in building up our churches and schools and other institutions the benefits of which are shared by all our people, rich or poor, and may we again have in Coshocton county the blessings of a law-abiding, God-fearing, peace-loving community in which human fellowship and good will may reign among neighbors and friends.

TAKE CONTRACT AT ESTIMATED PRICE

There was some little trouble experienced by the county commissioners Thursday in letting the contract for clearing and removing the island in the Tuscarawas river at the foot of Walnut street. All the bids they received were above the estimate placed on the work by the county engineer. T. J. Norman & Son were low bidders on the work but the commissioners didn't want to let the contract above the estimated price. Norman agreed to do the work for the estimate and the contract was awarded to him.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and taut, the hair is healthy.

We want every one whose hair requires treatment to try Revall's Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and prevent baldness. It is because of what Revall's Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c. and \$1.00. A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$150.00 or more. INNOCENT MAN TO GET PARDON

Columbus, O., Dec. 8.—George Ury of Findlay, received at the penitentiary in 1901 to serve a life sentence for complicity in the murder of William Johnson, known as the celery king, at his home near Carey, has been recommended for a pardon by the pardon board, his innocence having been established to the board's satisfaction by reason of the fact that witnesses established an alibi for him, owing to the storm which swept over Ohio the night of Sept. 11, 1900, following the great storm at Galveston, Tex.

The action of the board was the result of nine months' exhaustive investigation by Samuel D. Dodge of Cleveland, member of the board, taken at the instance of Miss Jeanette Cooper of this city, who aided in the inquiry.

Johnson, a prosperous onion and celery farmer, was dragged out of bed and shot by five masked men, who secured by the crime only a few dollars and a watch. Marsh Lindsay, Charles Foster and Willis Miller were found guilty of the murder and died in the penitentiary. Ury, also convicted, and Lock Foster are the only survivors of the five.

In his report Mr. Dodge says: "It may be that the Fosters (two brothers) and Willis Miller were connected with the tragedy. I do not believe Marsh Lindsay was, and I am quite positive George Ury was not and is today as innocent of any connection with this crime as I am myself."

The storm the night of the crime fixed the date indelibly in the minds of witnesses, whose testimony, in the opinion of the board, established a complete alibi for George Ury, who made a living by crystallizing photographs and tramped over the country taking orders, and perhaps for others of the men implicated.

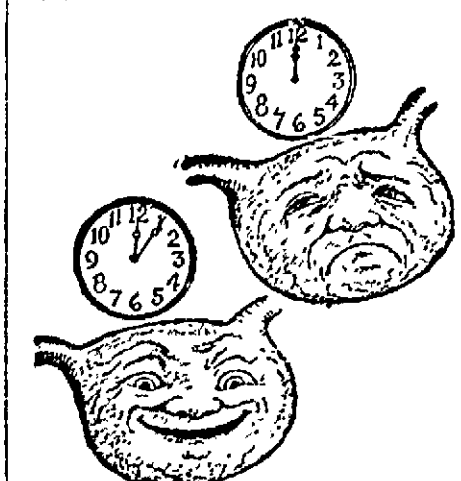

Legal Methods Criticized. The report criticizes the methods used in getting evidence. Ben Wade, afterward electrocuted for a subsequent murder, but then a second-term convict, and Ben Landis, now serving a life sentence, were taken from the penitentiary to aid the prosecution. The board found it clear that Ben Landis, Sheriff Cliff and Attorney Meek got the evidence which convicted the men.

The report states that Wilbur H. Baker, a Findlay Irvyman, was arrested for perjury, kept in jail and charged with the murder of Johnson to get him to testify a wagon the murderers had used, according to the theory of the prosecution, had been hired the day of the crime. A witness, George Shuck, was put in jail and testified that Landis and Meek said they would get him out and pay him well to testify he had seen Ury in a wagon with Lindsay, according to the report.

Five Minutes Sometimes Makes a Big Difference

If You Are Suffering the Tortures of Indigestion and Have to Wait Until Someone Runs to the Drug Store for a Box of Stuart's Dyspepsia Tablets

Free Trial Package. The instant relief afforded poor overburdened stomachs by the use of Stuart's Dyspepsia Tablets should be a reason for constantly keeping a box on hand—at home and at the office as well.

The Stomach Welcomes Quick Relief. A Stuart's Tablet not only aids digestion but it actually does the digesting itself. In other words it furnishes exactly the same elements for the digestion of food as the natural juices of the stomach. The stomach, therefore, is not called upon to do any of the work except to churn the juices furnished by the tablet and then push the digested food along into the intestines and the strength taken up by the blood to be carried to the muscles and nerves of the body.

So by taking a Stuart's Dyspepsia Tablet after a meal you give the stomach the rest it needs in which to mend itself and grow well again. And you absolutely prevent the souring of any food, the formation of any poisonous gases, belching, foul breath or constipation.

Stuart's Dyspepsia Tablets have done more for humanity and have caused more rejoicing than any other one agency that can be named.

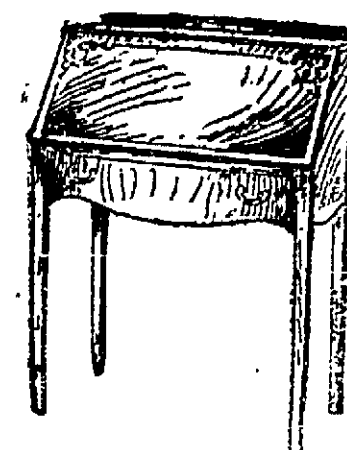

Every druggist everywhere sells and personally recommends Stuart's Dyspepsia Tablets. The price is 50 cents per box. If you wish to try them a sample package will be sent you free if you write to F. A. Stuart Co., Stuart Bldg., Marshall, Mich.

"PASTIME" IS NEW NAME OF THEATRE

Chacos Will Make Colonial a Motion Picture House—Deal Closed.

The new name of the Colonial theatre is to be "The Pastime" and the fact will be emphasized by hundreds of electric lights covering the new front that Manager Chacos will at once install.

The deal was closed Thursday morning, as hinted in The Age Wednesday afternoon, and Mr. Chacos secures a ten year lease on the ground. He buys the building and equipment outright. He will remodel the theatre, re-frescoing it, putting in an entirely new front and fixing the long it a veritable garden. Two fine new picture machines will be put in and it will be made the peer of any picture house in the state, with a 5 cent admission. The present benches will be replaced with modern opera chairs. Mr. Chacos who in the brief time he has lived here has made rapid advancement as a theatre manager, will retain his Utahna theatre but expects to sell the Luna for which he already has two or three offers.

ANCIENT MYSTERY CLEARED

Plymouth Man Confesses to Cutting Dam in 1848.

Massillon, O., Dec. 8.—After a lapse of 63 years the identity of the person who, Feb. 22, 1848, destroyed the Sipco dam, east of here, causing a flood which endangered the lives of hundreds of people and destroyed thousands of dollars' worth of property, and the reason for the act, have been revealed through the death of John White of Plymouth.

White declared, just before he died, that he applied the ax to the timbers of the dam, releasing the waters. While he refused to give the names of his confederates, he said they destroyed the dam to rid the neighborhood of malarial epidemics.

The waters roared through this city, then a village, carried off many buildings and drove the guests at a ball from the old Vermont House. Although an effort was made to arrest and convict the guilty persons, they escaped punishment.

WHY NOT HAVE STRONG NERVES?

Nervous Debility Is Preventable and Curable as This Ohio Case Proves.

Mrs. G. L. Neu, of No. 501 Oak street, Elmwood Place, Ohio, was led to try Dr. Williams' Pink Pills for Pale People by her husband after being in a nervous and run-down condition for over two years. She says: "It was quite a good while before I was aware that I was suffering from nervous debility for I have always had a strong constitution. Through worry and loss of sleep due to the sickness of my children, I began to notice that I was getting nervous and was always tired. I got so that I would fly to pieces over any excitement and could not bear any noise, even that made by the children in playing. I had constant headaches, back of my eyes and quite often was dizzy. My hands and feet were always cold and neither friction nor heat would warm them. I had no appetite and could not go upstairs without stopping to rest."

"I was complaining for over two years and often called in the doctor but he didn't help me. My husband had taken Dr. Williams' Pink Pills for Pale People some years before and was constantly urging me to try them. Finally to please him I consented to give the pills a trial. Before I had taken many boxes I felt better and then was only too glad to continue using them. I soon noticed that I could go upstairs without stopping to rest, my hands and feet were warm. When my friends would ask me what I was taking I never lost a chance to praise Dr. Williams' Pink Pills for Pale People. The pills restored my health and I wonder how any one suffering from a blood or nervous disease, can neglect to take them. I hope my experience with Dr. Williams' Pink Pills may induce others to give them a trial."

Dr. Williams' Pink Pills for Pale People are useful in a wide range of diseases of the blood and nerves such as rheumatism, after-effects of the grip and fever, neuralgia, nervous debility, St. Vitus' dance and even partial paralysis and locomotor ataxia.

Dr. Williams' Pink Pills are for sale by all druggists, or will be sent, postpaid, on receipt of \$2.00, 30 cents per box, six boxes for \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y. Write for a free copy of our "Diseases of the Nervous System."
